Approved Textiles

Thank you for your interest in Hightower products!

Why do textiles need to be approved?

We believe the specification process should be easy and streamlined, while also achieving the highest level of quality. But, not all fabrics are created equal - given individual textile characteristics like material content, weave, strength, stretch and recovery, the actual product itself, cutting, sewing, individual upholstery and finishing methods...there are a lot of variables involved that all have to be considered when making approval decisions.

We want your Hightower products to look their absolute best and withstand the test of time. Approved Textiles lists were created to do just that by providing you with a variety of upholstery options that are sure to look beautiful and add a personalized design touch to any space.

Testing Fabrics

We are happy to test any new fabrics you might be interested in using, for most products. Please send an email to the Project Manager you've been working with, or to **textiles@hightoweraccess.com** outlining the fabric manufacturer, name of the specific fabric, and which Hightower product you're looking to have it applied to. We'll then check to see if it has already been tested, or provide further details on where to send a fabric memo for testing. *Please note, a few of our products have narrow lists of textiles that are okay to use, and aren't able to accept new materials for upholstery but the majority of our products can entertain testing of new textiles.

Yardage Requirements

Yardage requirements are based on the use of 54 inch bolts of plain goods (solid) materials. Depending on the Hightower product, most fabrics of narrower widths, patterns, and/or directional aspects, will all likely require additional yardage. Please send an email to the Project Manager you've been working with, or to textiles@hightoweraccess.com outlining the fabric manufacturer, name of the specific fabric, and which Hightower product you're looking to have it applied to, and we can advise on revised yardages. Please note: our fabric application default is "railroad", meaning stripes will be applied vertically unless otherwise requested. Some limitations may apply.

Fabric Groups

(not to be confused with "Grades" of fabric, which refers to price point.)
